EDUCATION

- B.Tech in Computer Science Engineering
Shivalik College of Engineering, Dehradun (2024 – 2028)
- Class XII (UK Board)
Saraswati Vidya Mandir, Rishikesh (2024)
- Class X (UK Board)
Saraswati Vidya Mandir, Rishikesh (2022)

SKILLS

- **Programming Languages:** C, C++, Python, JavaScript.
- **Web Technologies:** HTML, CSS, Tailwind CSS, JavaScript, Responsive Design.
- **UI/UX Design:** Wireframing, Prototyping (Figma), UI Design Basics.
- **Computer Science Fundamentals:** Data Structures, OOPs.
- **Tools & Platforms:** Git, GitHub, VS Code, Figma.

PROJECTS

- **Music Web Player** [Live](#) | [GitHub](#)
Technologies: HTML, CSS, JavaScript
Designed and developed a complete web-based music player with an intuitive and responsive UI. Implemented features such as play/pause, next/previous track, seek bar control, and dynamic playlist rendering using JavaScript.
- **Netflix Website Clone** [Live](#) | [GitHub](#)
Technologies: HTML, CSS
Developed a fully responsive Netflix-style homepage with a clean UI and modern layout using HTML and CSS. Implemented sections like hero banners, thumbnails, and category rows to mimic the real platform's front-end design.
- **Sudoku Solver** [GitHub](#)
Technologies: C++, Backtracking Algorithm
Created a Sudoku solver using the backtracking algorithm to automatically fill missing numbers based on game rules. Implemented in C++ with efficient recursive logic to generate valid solutions for any given Sudoku board.

ACHIEVEMENTS

- **Successfully completed the “GeeksforGeeks 160 Days DSA Challenge”** and earned a **certificate**, strengthening problem-solving and Data Structures and Algorithms skills.
- **Successfully completed “Web Development Basics” certification from IBM SkillsBuild**, gaining a solid understanding of **HTML, CSS, and JavaScript**, along with core concepts.

CODING PROFILES

- GeeksforGeeks: Solved 99+ Data Structures and Algorithms problems: [GeeksforGeeks Profile](#)
- LeetCode: Solved 99+ problems on LeetCode: [LeetCode Profile](#)
